- 🐾 We have several pets in our hospital daily for grooming, boarding, and otherwise, so we need to keep our environment parasite free.

**Please initial:** \_\_\_\_\_ I understand that if Lee's Hill Pet Hospital observes any parasites on my pet or in my pet's stool, he or she will be treated with the appropriate flea/tick prevention or dewormer at my expense. This is to keep LPHH a parasite-free facility and protect all of our boarding guests, including your pet.

- 🐾 As a veterinary hospital, we often have patients with various illnesses in our hospital. Unfortunately, some of those illnesses are contagious. Not to worry! For the protection of your pet and others, we require that every healthy pet that stays in this hospital be up to date on vaccines.

**Please initial:** \_\_\_\_\_ I understand that I must provide proof of vaccination for my pet and if no proof is available or if my pet is not vaccinated, Lee's Hill Pet Hospital will perform an exam and administer the necessary vaccines at my expense. This is to prevent the spread of disease and keep my pet healthy.

- 🐾 We strive to take exceptional care of your pet while you are away. We board only a few pets at a time in order to give each boarding guest more individual attention. No matter how good the care though, your pet may still miss you, causing stress. The stress of being away from home can cause medical complications, like diarrhea, cold-like symptoms or can exacerbate pre-existing illnesses like heart disease and diabetes. If you pet becomes ill, we will try to contact you. If we cannot reach you immediately, do you want us to pursue treatment, understanding that you will be financially responsible for any costs? **Please initial:**

\_\_\_\_\_ **YES**, and I understand an accurate estimate for unforeseen illnesses cannot be made at the time of drop-off, therefore I **pre-authorize a total amount (including the boarding estimate) of \$\_\_\_\_\_**. When this amount is reached, Lee's Hill Pet Hospital must contact me before proceeding.

\_\_\_\_\_ **NO**, if I cannot be reached, do not pursue treatment.

- 🐾 If you pet's life is in jeopardy without overnight care, we would recommend transferring your pet to an emergency facility, as we are not open overnight. In this situation, what would you like us to do? **Please initial:**

\_\_\_\_\_ **YES**, if I cannot be reached, I authorize Lee's Hill Pet Hospital to transport my pet to the local veterinary emergency clinic for overnight care and I understand I am responsible for any costs, but not to go above my **pre-authorized amount of \$\_\_\_\_\_ noted above**. When this amount is reached, Lee's Hill Pet Hospital must contact me before proceeding.

\_\_\_\_\_ **NO**, if I cannot be reached, do not transport my pet to the local veterinary emergency facility.
