

Lee's Hill Pet Hospital

Kitten Health Plans

The best way to treat illness is to **prevent** it! Our health plans are designed to make your pet's care affordable and easy.

Unlimited Exams

All of our health plans include unlimited exams for the duration of the plan. These are not limited to vaccine visits, but are also for all of our consult services (nutrition, behavior, training, etc.) and any sick visits. We are here for all your pets needs!

Vaccinations

All essential vaccines are included in our health plans. Kittens are like babies with immature immune systems not ready to fight off diseases. As the maternal antibodies wear off, kittens' antibodies (stimulated by the vaccines) start to take over, Then all you'll worry about is the mischief your little one will get into!

Spay/Neuter

The spay or neuter surgery is included in our kitten plus plans. Intact adult cats are at risk for prostate cancer, ovarian cancer, uterine infections, and breast cancer. The cost to treat these illnesses is far greater than the cost of a preventative spay or neuter.

Kitten Essentials Health Plan	
Services Included	Value
Unlimited Physical Exams	\$49.00/ea
