Adult Dog & Cat Health Plans

The best way to treat illness is to **prevent** it! Our health plans are designed to make your pet's care affordable and easy.

Vaccinations

All essential vaccines are included in our health plans. Pets, like people, can be protected from some diseases by vaccination. An annual visit to the vet and maintaining vaccinations will help your beloved companion stay safe and healthy.

Unlimited Exams

All of our health plans include unlimited discounted exams for the duration of the plan (365 days). These are not limited to vaccine visits, but are also for all of our consult services (nutrition, behavior, etc.) and any sick visits*.

Co-pay for Doctor exams: \$15 (Regularly \$30-80)
